NEW ENDORSEMENTS FILED TO ADDRESS EXCLUSION OF LOSS DUE TO VIRUS OR BACTERIA

This circular announces the submission of forms filings to address exclusion of loss due to disease-causing agents such as viruses and bacteria.

BACKGROUND

Commercial Property policies currently contain a pollution exclusion that encompasses contamination (in fact, uses the term *contaminant* in addition to other terminology). Although the pollution exclusion addresses contamination broadly, viral and bacterial contamination are specific types that appear to warrant particular attention at this point in time.

ISO ACTION

We have submitted forms filing CF-2006-OVBEF in all ISO jurisdictions and recommended the filing to the independent bureaus in other jurisdictions. This filing introduces new endorsement [CP 01 40 07 06](#) - Exclusion Of Loss Due To Virus Or Bacteria, which states that there is **no coverage for loss or damage caused by or resulting from any virus, bacterium or other microorganism that induces or is capable of inducing physical distress, illness or disease.**

Note: In Alaska, District of Columbia, Louisiana*, New York and Puerto Rico, we have submitted a different version of this filing, containing new endorsement [CP 01 75 07 06](#) in place of CP 01 40. The difference relates to lack of implementation of the mold exclusion that was implemented in other jurisdictions under a previous multistate filing.

Both versions of CF-2006-OVBEF are attached to this circular.

* In Louisiana, the filing was submitted as a recommendation to the Property Insurance Association of Louisiana (PIAL), the independent bureau with jurisdiction for submission of property filings.

PROPOSED EFFECTIVE DATE

Filing CF-2006-OVBEF was submitted with a proposed effective date of January 1, 2007, in accordance with the applicable effective date rule of application in each state, with the exception of various states for which the insurer establishes its own effective date.

Upon approval, we will announce the actual effective date and state-specific rule of effective date application for each state.

RATING SOFTWARE IMPACT

New attributes being introduced with this revision:

- A new form is being introduced.

CAUTION

This filing has not yet been approved. If you print your own forms, do not go beyond the proof stage until we announce approval in a subsequent circular.

RELATED RULES REVISION

We are announcing in a separate circular the filing of a corresponding rules revision. Please refer to the **Reference(s)** block for identification of that circular.

REFERENCE(S)

[LI-CF-2006-176](#) (7/6/06) - New Additional Rule Filed To Address Exclusion Of Loss Due To Virus Or Bacteria

ATTACHMENT(S)

- Multistate Forms Filing CF-2006-OVBEF
- State-specific version of Forms Filing CF-2006-OVBEF (Alaska, District of Columbia, Louisiana, New York, Puerto Rico)

We are sending these attachments only to recipients who asked to be put on the mailing list for attachments. If you need the attachments for this circular, contact your company's circular coordinator.

IMPORTANT NOTICE FOR USERS OF ISO PRODUCTS AND SERVICES

Please make sure that your company has authorized your use of this product and has complied with the requirements applicable in the jurisdiction where you plan to use it.

We distribute both state-specific and multi-state products and services. We do not distribute all the multi-state products and services for use in every jurisdiction due to corporate policy, regulatory preference, or variations or lack of clarity in state laws.

We provide participating insurers with information concerning the jurisdictions for which our products and services are distributed. Even in those jurisdictions, each insurer must determine what filing requirements, if any, apply and whether those requirements have been satisfied.

Now, as in the past, all of our products and services are advisory, and are made available for optional use by participating insurers as a matter of individual choice. Your company must decide for itself which, if any, ISO products or services are needed or useful to its operation and how those selected for use should be applied. We urge that you be guided by the advice of your attorneys on the legal requirements.

Amendatory Endorsement - Exclusion Of Loss Due To Virus Or Bacteria

About This Filing

This filing addresses exclusion of loss due to disease-causing agents such as viruses and bacteria.

New Form

We are introducing:

- ◆ Endorsement **CP 01 40 07 06** - Exclusion Of Loss Due To Virus Or Bacteria

Related Filing(s)

Rules Filing CF-2006- OVBBER

Introduction

The current pollution exclusion in property policies encompasses contamination (in fact, uses the term *contaminant* in addition to other terminology). Although the pollution exclusion addresses contamination broadly, viral and bacterial contamination are specific types that appear to warrant particular attention at this point in time.

An example of bacterial contamination of a product is the growth of listeria bacteria in milk. In this example, bacteria develop and multiply due in part to inherent qualities in the property itself. Some other examples of viral and bacterial contaminants are rotavirus, SARS, influenza (such as avian flu), legionella and anthrax. The universe of disease-causing organisms is always in evolution.

Disease-causing agents may render a product impure (change its quality or substance), or enable the spread of disease by their presence on interior building surfaces or the surfaces of personal property. When disease-causing viral or bacterial contamination occurs, potential claims involve the cost of replacement of property (for example, the milk), cost of decontamination (for example, interior building surfaces), and business interruption (time element) losses.

Current Concerns

Although building and personal property could arguably become contaminated (often temporarily) by such viruses and bacteria, the nature of the property itself would have a bearing on whether there is actual property damage. An allegation of property damage may be a point of disagreement in a particular case. In addition, pollution exclusions are at times narrowly applied by certain courts. In recent years, ISO has filed exclusions to address specific exposures relating to contaminating or harmful substances. Examples are the mold exclusion in property and liability policies and the liability exclusion addressing silica dust. Such exclusions enable elaboration of the specific exposure and thereby can reduce the likelihood of claim disputes and litigation.

While property policies have not been a source of recovery for losses involving contamination by disease-causing agents, the specter of pandemic or hitherto unorthodox transmission of infectious material raises the concern that insurers employing such policies may face claims in which there are efforts to expand coverage and to create sources of recovery for such losses, contrary to policy intent.

In light of these concerns, we are presenting an exclusion relating to contamination by disease-causing viruses or bacteria or other disease-causing microorganisms.

Features Of New Amendatory Endorsement

The amendatory endorsement presented in this filing states that there is **no coverage for loss or damage caused by or resulting from any virus, bacterium or other microorganism that induces or is capable of inducing physical distress, illness or disease**. The exclusion (which is set forth in Paragraph B of the endorsement) applies to property damage, time element and all other coverages; introductory Paragraph A prominently makes that point. Paragraphs C and D serve to avoid overlap with other exclusions, and Paragraph E emphasizes that other policy exclusions may still apply.

Copyright Explanation

The material distributed by Insurance Services Office, Inc. is copyrighted. All rights reserved. Possession of these pages does not confer the right to print, reprint, publish, copy, sell, file or use same in any manner without the written permission of the copyright owner.

Important Note

Insurance Services Office, Inc. (ISO) makes available advisory services to property/casualty insurers. ISO has no adherence requirements. ISO policy forms and explanatory materials are intended solely for the information and use of ISO's participating insurers and their representatives, and insurance regulators. Neither ISO's general explanations of policy intent nor opinions expressed by ISO's staff necessarily reflect every insurer's view or control any insurer's determination of coverage for a specific claim. ISO does not intercede in coverage disputes arising from insurance policies. If there is any conflict between a form and any other part of the attached material, the provisions of the form apply.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

EXCLUSION OF LOSS DUE TO VIRUS OR BACTERIA

This endorsement modifies insurance provided under the following:

COMMERCIAL PROPERTY COVERAGE PART STANDARD PROPERTY POLICY

- A.** The exclusion set forth in Paragraph **B.** applies to all coverage under all forms and endorsements that comprise this Coverage Part or Policy, including but not limited to forms or endorsements that cover property damage to buildings or personal property and forms or endorsements that cover business income, extra expense or action of civil authority.
- B.** We will not pay for loss or damage caused by or resulting from any virus, bacterium or other micro-organism that induces or is capable of inducing physical distress, illness or disease.
- However, this exclusion does not apply to loss or damage caused by or resulting from "fungus", wet rot or dry rot. Such loss or damage is addressed in a separate exclusion in this Coverage Part or Policy.
- C.** With respect to any loss or damage subject to the exclusion in Paragraph **B.**, such exclusion supersedes any exclusion relating to "pollutants".
- D.** The following provisions in this Coverage Part or Policy are hereby amended to remove reference to bacteria:
1. Exclusion of "Fungus", Wet Rot, Dry Rot And Bacteria; and
 2. Additional Coverage - Limited Coverage for "Fungus", Wet Rot, Dry Rot And Bacteria, including any endorsement increasing the scope or amount of coverage.
- E.** The terms of the exclusion in Paragraph **B.**, or the inapplicability of this exclusion to a particular loss, do not serve to create coverage for any loss that would otherwise be excluded under this Coverage Part or Policy.
